

COLUMBUS DAY CRUISE TO SCORPION

October 8-10, 2022

Scorpion/Little Scorpion Anchorages 34°03'N 119°33'W

There is plenty of room to anchor in one of the two anchorages. Many boaters prefer to anchor behind the rocks at Little Scorpion anchorage. It is the best protected but the furthest from the landing anchorage. Big Scorpion is just east of the pier and landing. Prepare for a beach landing.

Sign up by October 1 for weather updates.
