Enter the harbor down to the split entrance. Take the starboard mouth down and follow the channel's curve. Looking West, all vessels are pointed North-South until our Yacht Club. We are the first gray-ish building on the Western side of the harbor with boats pointed East-West. To get to our Guest Dock, turn West into the finger that separates North-South boats from East-West boats. You'll go about 200 feet and you won't be able to miss our Guest Dock.
